

# **Spring 2014 Southeast District Fire School**

**Tea, SD. April 25, 26, 27  
Tea High School**

**Mission Statement:** To promote safety and integrate the efforts of Local, State, Federal agencies in structural and wildland firefighting practices

**S130 - Firefighter Training / S190 - Intro. To Wildland Fire Behavior**  
**Friday, Saturday, Sunday at Tea Fire station**  
**Instructor: Coyote 1**

**Course Description:** This course is designed to provide entry level firefighters skills. Many of the units are set up so they can be taught in both the classroom and the field. A version of L-180, Human Factors on the Fire line, has been included as part of this course. This course also provides instruction in the primary factors affecting the start and spread of wildfire and recognition of potentially hazardous situations. It is designed to meet the fire behavior training needs of a firefighter type 2 (FFT2) on an incident as outlined in the PMS 310-1, Wildland Fire Qualification System Guide and the position task book developed for the position.

**S131 - Fire Fighter Type 1, 6 hrs. - Sunday**  
**Tea High School**  
**Instructor: Coyote 1**

**Course Description:** Firefighter Type 1, S-131, is an eight-hour course designed to meet the training needs of the Firefighter Type 1 (FFT1). This course is designed to be interactive in nature. It contains several tactical decision games designed to facilitate learning the objectives and class discussion. Topics include: fire line reference materials, communications, and tactical decision making.

**Primary Search, 6 hrs. - Sunday**  
**Tea Fire Station**

**Instructor: Steve Oberle, Tea Fire. Jason Marzlof, Sioux Falls Fire Rescue**

**Course Description:** This course will install confidence to preform quick and affective primary searches in new and seasoned firefighters. The material will cover techniques in rapidly searching for victims in stressful situations while maintaining control and staying calm. The afternoon portion will focus on searching and removing a downed firefighter. Full structural PPE including SCBA will be required.

**Utilizing START/JumpSTART at Mass Casualty Incidents 3 hrs. AM - Sunday**  
**Tea High School**

**Instructor: Amy Marsh, Renner Fire**

**Course Description:** Upon completion of this training the participant will be able to:

- Identify the positions and the organizational structure of the Incident Command System (ICS) as it applies to a Multi-Casualty Incident
- Explain the responsibilities of the first unit arriving on scene
- Explain patient flow through the ICS Multi-Casualty structure
- Define TRIAGE and explain when it is appropriate for use
- List three reasons a patient triage and tracking system is required for successful operations
- Categorize the Triage status of patients utilizing the START and JumpSTART Triage Systems
- Explain the design and use of paper Triage Tags

**Response to Hazardous Materials Incidents for YOUR Department. 3hrs PM - Sunday**  
**Tea High School**

**Instructor: Bob Venard and Scott Rieland Tea Fire**

**Course Description:** This class will prepare first responders to make critical decisions during the initial phase of hazardous materials incidents. This class will focus on risk benefit analysis, material identification, and what your individual fire department can do to guarantee a successful and safe incident.

**IQS, 3 hrs. AM - Sunday**

**Tea High School**

**Instructor:**

**Course Description:** The Incident Qualification System (IQS) is a software program that allows the user to track incident qualifications, experience, tasks books and fitness levels for individuals within various organizational levels throughout your agency. This Class will refresh users on the operation of this system as it pertains to wildland fire.

**ICS/ Recruitment Round Table, 3 hrs. PM - Sunday**

**Tea High School**

**Instructor: Paul Coon**

**Course Description:**

This class is a discussion based round table that may take on many subjects not limited to the ones listed above. Please bring input on topics affecting your fire department

**Auto Extrication, 6 hrs. - Sunday**  
**Tea High School**  
**Instructor: Tea Fire**

**Course Description:**

This class will cover methods of auto extrication. It will begin with basic tasks, and tool orientation and transition in to full scale extrications. The course will also address ICS for extrication incidents. PPE required.

**ALL COURSE RUN APPROXIMATELY 8:30 A.M. TO 5:00 P.M. – SATURDAY AND SUNDAY**  
**ONLY EXCEPTION, THE L-180, S-130, S-190 WILL BEGIN FRIDAY NIGHT AT 6:00 PM**
